Grand Theft Auto is an action-adventure game with an isometric view, the first installment of the Grand Theft Auto series. Location and plot. The game takes place in 3 different cities, each one resembling real-life counterparts such as Miami, New York City and San Francisco. The world of the game is only restricted by traveling from one city to another, while the cities themselves are free to explore. The plot is expressed in the form of various missions, where the playable character receives general instructions through a phone call, or otherwise. e gameplay with an open world, where players could do anything they wanted, which, of course, was the key to overwhelming success of the game.
